The Poison of Patriotism

F. Julian Xercies Rigley
Assistant Professor of English,
Sacred Heart College,

Basking in the joy of hope to meet the hopeless day of unwritten fate,
Destiny dawns to rewrite the unimagined.

Cannibalistic brutes betraying the science of intelligence,
preyed on unwatched lands to nail humanity in a cold blooded coffin.

The stench of revenge hanging through the fumes of arrogance,
Reveals: Is it the end of humanity or the beginning of cannibalism?

Man a trained brute betrays the womb that love has cherished.
Patriotism that grows in the nations crevice,

crosses hurdles to shield the fetus from terrors .

Poisoned: the gluttons of passion;
will betray the unsung heroes to salvage pride from their heroic deeds.
