Covid'19

**Amuthan J,
Assistant Professor of English,
Loyola College-Mettala.**

Emerged as a pathogen into universe; for
Exploiting human beings into corpses.
Spreading smoothly amidst humans; through
Symptomating cough, fever and Breathing issue.
Analyzing your entry is difficult; in-between
You swindle lives of the people.

May your friends MERS and SARS sent you or
May the lord almighty sent you or
Who has sent you to perform genocide?
We might go against nature: For which
Punish us but don't kill us, because
Erring is humane forgiving is divine.

You come as outbreak into the world and
Simply made the world to lockdown
Living is important than any other luxury but
You made living as a difficult task.
Scientist at uncertain how to control? ; Yet
Experimenting medicines to eradicate it.

You lost identity of ours, and so
Masked people are to be seen.
Meeting people became a fear, because

You will meet both of us.

No meeting, gathering and celebration: because

All are strictly prohibited.

Curing is difficult but controlling is possible

Medicine is in progress; curfew is in action.

Noble workers like Doctors and nurses in curing,

Police and officials in controlling through Curfew.

Government governs people with good motto

“Rest at home or rest at cemetery”.
