Everybody goes and goes

Sahara to the north pole

A little butterfly dies, the world is crying

The earth is moving

Tornado shrieks in stormy weather

Sweep away everything

The nature is angry with billows

Virgin forest twists with pain

New starts from old

Start again on rubble

Start again, start again

Magnanimous history is forever

The heart of the earth is in each of our hearts

We hurt, the earth hurts, we happy, the earth is happy

Everyday, humankind preoccupies

America thinking of the North Korea

The earth thinking of Venus

Little eyes feel the world through a little window

Knowledge is never enough

Hungry and thirsty in desires

Humankind, do you listen?
