It's Life!

An enigmatic journey on dubious tracks
Ready to baffle us with its twists and turns
Though, may offer you boundless rejoicing
But, pricking, unfathomable sorrows most often
That, being the truest nature of (life) being in life
To test our 'withstanding' in prolonged oddities

Everyone wrestles to mean and manifest life
Fewest discern it 'divine' while 'complex' declared most
Few, put it, a way to assimilate into sublime
Others, medium to relish material gains only
Still, spring of 'perennial flow of inspirations' amidst
Astounding queries of human mind as well! How to deal?

If wings to 'vivid imagination' and 'fantasies'
Reasons to despondency and dereliction as well
If, finer aspects and delicate sensibilities there
It represents brutal visage of deviant humane core.
Beguile deceptively with 'glaring illusions' of life
Yet, aspires an 'ethereal soothing' even in fragility
Mysterious are the ways, mysterious is the treatment

Neither full of roses nor altogether bed of thorns
Life is battleship; with prevailed situations around;
With entangled humanity in vices all the way
Rattle us with abrupt happenings, pitfalls of journey
Seeks answers to all absurdity, How to be rational?

Life, an inexorable cycle, a commentary on all affairs
What to speak! All have to undergo this strenuous journey
We like it or not, how clever we be, it ready to test tenacity
Messages, continuity being alive, static being death
Life, an equal eternal 'truth' along with stark 'death'
It's cycle, goes on and on, if don't participate, things fall apart
