Talents immerge out of men

Living in a country

Whose visionary outlook is unseen!

They come from diverse schools of thought

Politics, media, journalism, education

Philosophy, activism and economy

To name a few

Whose visions are farsighted

To take the mass out of darkness and

To enlighten them on truism.

Their contribution

To a country

Invaluable, immeasurable, and priceless

For they contribute in mass scale

To take the public out of darkness

These men for the governance
Are a threat, not just a threat but
A huge threat
For their contribution
Impressive, illustrious and illuminating
Which never tolerate corruption,
Exploitation, mal-practices and many
More

Governance in return
Becomes a real threat to the talented
Who come from diverse schools of thoughts
And sets on its action
To eliminate them
Out of world
For existence of the governance
But for the destruction of a country!!

Now governance in action!
Identifying the key figures
In diverse schools of thoughts
Who become a threat
For their existence in the supremacy
And made them missing out of the world

Either to develop or to destroy a nation
Which is worthwhile?
